**SAFERACK OF ANDREWS, S.C.,
RECEIVES SAFETY AWARD OF MERIT FROM FABRICATORS &
MANUFACTURERS ASSOCIATION**

Andrews, SC., August 9, 2021 – SafeRack was recently chosen to receive a 2021 Safety Award of Merit from the Fabricators & Manufacturers Association, International (FMA). Open to all FMA company members, the FMA/CNA Annual Safety Awards recognize metal fabrication companies that adhere to excellence in safety.

Sponsored by CNA, the endorsed business insurance carrier for FMA, the Awards are designed to promote safety in the industry, and winners are selected by the FMA Safety Council. The Safety Award of Merit is given to companies posting an injury and illness incidence rate for the reporting period that is better than the published Bureau of Labor Statistics (BLS) rate by 10 percent or greater, based on their NAICS code.

“I congratulate SafeRack on winning a Safety Award of Merit,” said Edward Youdell, president and CEO of FMA. “Safety is clearly a priority for the company. They set a good example for others in the industry. FMA and CNA are proud to recognize all our safety award winners.”

To be eligible to receive recognition, companies were required to submit OSHA Form 300A, Summary of Work-Related Injuries and Illnesses, for the period Jan. 1, 2020, through Dec. 31, 2020. Firms of all sizes were eligible. Winners were selected based on

North American Industry Classification System (NAICS) code categories and BLS injury and illness incidence rates.

About FMA

Based in Elgin Ill., FMA is a professional organization with over 2,500 members working together to improve the metal fabricating and forming industry. Founded in 1970, FMA brings metal fabricators and fabricating equipment manufacturers together through technology councils, educational programs, networking events, and the FABTECH® trade show. Visit www.fmamfg.org for more information.

About SafeRack & SixAxis

SixAxis was founded by Fred Harmon and [Rob Honeycutt](#) in 2002 to deliver high-quality loading rack and fall protection solutions to companies around the world. In addition to SafeRack, product-specific brands such as [ErectaStep](#), [RollaStep](#), [YellowGate](#), [AeroStep](#), and [MarinaStep](#) have been developed to engineer and manufacture innovative products that increase safety and boost productivity.
